Central Wisconsin Airport (CWA)  
Mosinee, WI  
Approval of Terminal Area Master Plan Forecast

Dear Brian Grefe:

The Federal Aviation Administration (FAA) has reviewed and approves the aviation forecast submitted for the Central Wisconsin Airport for the Terminal Area Master Plan update dated June 2023. The approval of this forecast is for the remainder of your current Terminal Area Master planning efforts only.

The forecast was developed using current data, appropriate methodologies, and therefore is approved for planning purposes at Central Wisconsin Airport. It is important to note that the approval of this forecast doesn't guarantee funding for large scale capital improvements as future projects will need to be justified by current activity levels at the time the projects are proposed for implementation.

If you have any questions, I can be reached at 847-294-8017 or at [Anna.M.Walker@faa.gov](mailto:Anna.M.Walker@faa.gov)

Sincerely,

Anna M. Walker
